INCLEMENT WEATHER

When it is too cold outside or raining during the morning entry we ask that students enter through the lower hall doors. There is someone there to help open the door and direct students. Teachers are on duty indoors during this time to ensure students know where to go and are getting ready for their day. There is also the option of walking your child to the front door between 7:50 and 8:10.

TRAFFIC IN FRONT OF BUILDING

It has been noted that many parents are driving up to the Pylons next to the school to drop off their children then backing out onto Cleveland Avenue. This has become a safety concern for pedestrians on the crosswalk and vehicles coming down Cleveland. There is always the kiss & drop and the front area that was the old bus drop off. Please refrain from dropping off at the pylons.
